6 Guidelines for setting Question Paper - CHEMISTRY 1. Multi level questions should be promoted. 2. The weight of objective questions should be between 15%-20% of total score and

SAMPLE QUESTION PAPER CHEMISTRY - Kerala

Objectivity is a philosophical concept of being true independently from individual subjectivity caused by perception, emotions, or imagination. A proposition is considered to have objective truth when its truth conditions are met without bias caused by a sentient subject. Scientific objectivity refers to the ability to judge without partiality or external influence, sometimes used synonymously ...
