An ocean (from Ancient Greek ??????, trans. Okeanós) is a body of water that composes much of a planet's hydrosphere. On Earth, an ocean is one of the major conventional divisions of the World Ocean. These are, in descending order by area, the Pacific, Atlantic, Indian, Southern (Antarctic), and Arctic Oceans. The word "ocean" is often used interchangeably with "sea" in American English.

The Plastics Breakdown: An Infographic. Ted Reckas | September 13 2012. We've been posting on plastic ocean pollution all week in advance of International Coastal Cleanup Day, happening tomorrow. It's an amazing event that removes literally tons of plastic from coastlines and waterways around the world every year.

The Ocean Race is a yacht race around the world, held every four years. Originally named after its initiating sponsor, British Whitbread brewing company, it carried the name of its former owner, Swedish automobile manufacturer Volvo Cars and Swedish multinational manufacturing company, the Volvo Group from 2001. It has now, in 2019, been renamed The Ocean Race following four months of being ...

3. WHAT IS REGIONAL INTEGRATION? Regional integration can be defined along three dimensions: (i) geographic scope illustrating the number of countries involved in an arrangement (variable geometry), (ii) the substantive coverage or width that

is the sector or activity coverage (trade, labor mobility, macro-policies, sector policies, etc.), and
