Light, Indiana University ...

Blue Sky Forum: Agenda - OECD

Portugal's economic recovery is now well established, with GDP back to its pre-crisis level. However, legacies of the recent crisis remain. A high public debt burden and ongoing financial sector vulnerabilities make the economy less resilient.

The monthly Main Economic Indicators (MEI) presents comparative statistics that provide an overview of recent international economic developments for the 36 OECD countries, the euro zone and a number of non-member economies. This indispensable and unique source of key short-term statistics is a vehicle for analysis for corporate planners, economists, academics, researchers and students.
